

ARANIZA JAYE BANGIS

AI-Driven Video Editor | Crafting Scroll-Stopping Content for DTC Brands

AI-powered video editor specializing in high-converting, on-brand content for DTC women's brands. I combine cutting-edge AI generation tools, Higgsfield, ChatGPT, and Claude, with professional editing in CapCut Pro to produce scroll-stopping short-form video at speed and scale. Backed by a background in recruitment and customer service, I bring sharp audience understanding, strong brand-voice consistency, and a results-driven mindset to every edit. Adept at turning briefs into polished, performance-ready creative that drives engagement and sales.
